

## *A Valentine Prayer From My Heart to Yours...*

*Abba Father*, how grateful I am that You are LOVE.

Grateful that You first loved me. That before the foundation of the world, before I breathed a single breath, while I was still a sinner, You chose me to be Your beloved daughter. You knew me by name. You loved me then and You love me now and You will love me forevermore.  
There is no higher and greater love.

*Father*, I want to live in the fullness of Your unconditional, everlasting, lavish love. I want to experience it more deeply. Show me in increasing measures how wide and high and deep and long Your love is.

And as I steep myself deeper in Your love, help me love others with Your love that abides in me. May Your love define me. With every interaction may Your love be felt, seen and heard, shining in and through me.

*Jesus*, my precious Savior and Redeemer, thank You for giving Your life for mine. Thank You for taking my sin upon Yourself and modeling perfect, sacrificial love. Thank You for being my Great High Priest. The One who I can come to and confess my sin and receive forgiveness, wholeness, healing and freedom. Sanctify me day by day, making me more and more like You. Reflecting Your light, love and glory to the people around me.

*Holy Spirit*, equip and empower me to love as Jesus loved. Allow Your Love in me to lead every area of my life. Help me be patient and kind. Keep my heart humble and pure, refraining from envy, boasting and pridefulness. Keep my lips from dishonoring others and insisting on my own way. Help me control my temper. Remind me to not keep a record of wrongs. Check the motives of my heart and ensure I walk in Your ways, always.

*Father*, I love you so much! Make my heart more and more like Yours. I pray these words in full faith and assurance they will come to pass in Jesus' Name. Amen.
